Details

A large modern private villa concept in Hurghada on a 2,000 m² plot, created for buyers who want contemporary architecture, space and privacy. The villa is designed as a clean Red Sea residence with flat roofs, glass, private pool, landscaped garden and protected neighbor views. Instead of traditional or outdated styling, the focus is on modern living: house, pool, garden, privacy walls and generous distance. A suitable choice for a substantial private home, long stays or a high-quality investment.

Location and use

The New Hurghada setting and Summerland environment can work for personal use, holidays and possible rental appeal. The 500 m² layout should be judged together with access, management, compound rules and intended use.

Buying notes

Before deciding, review the 200.000€ price, included equipment, open balances, handover condition and documents. For Summerland, the exact service charges and management rules for this unit should also be clear.
