Details

A premium package of two large modern villas in Hurghada, each planned as a single contemporary villa on its own 2,000 m² private plot. The concept focuses on generous space, clean architecture, private pools, gardens and protected sightlines rather than old-fashioned villa styling. Each villa is oriented to preserve privacy from neighboring homes while opening toward its own pool and outdoor living area. A strong option for buyers seeking scale, modern design and a high-end Red Sea residence or family estate.

Location and use

The New Hurghada setting and Summerland environment can work for personal use, holidays and possible rental appeal. The 500 m² layout should be judged together with access, management, compound rules and intended use.

Buying notes

Before deciding, review the 400.000€ price, included equipment, open balances, handover condition and documents. For Summerland, the exact service charges and management rules for this unit should also be clear.
